

# Considerate Constructors Scheme Professional Registration

**Join thousands of contractors, subcontractors and clients of construction projects to help improve the image of the industry**

Professional Registration allows any organisation supplying professional services to the construction industry to join the Scheme and enjoy the benefits of registration.

As a professional service organisation, you perform a vital role in the construction process. Your organisation therefore has a responsibility to conduct itself in a considerate manner at all times, ensuring you portray a positive image of the industry you represent and to raise standards in this area.

## Registration benefits:

- Enhances your organisation's credibility - the Scheme is endorsed by local authorities and the national Government
- Helps you to gain a competitive edge in winning new work. Clients both public and private sector often stipulate registration with the Scheme in tendering
- Strengthens your brand across the industry and promote your credibility through using Scheme branding
- Promotes your commitment to the Scheme by having your details on the [Construction Map](#)
- Showcases how your organisation is considerate through the [Best Practice Hub](#), which receives over 100,000 views per month
- Receive annual meeting with Scheme Monitor to help your organisation to perform to a higher standard

## Application

To register as a Professional with the Scheme, visit the Scheme's website [www.ccscheme.org.uk](http://www.ccscheme.org.uk) and click on the Professional Registration page.

Once your application has been approved, your organisation will be issued with the Scheme logo and certificate of registration, which can be used to promote your registration.

## Meeting

As part of your registration, you will receive an annual meeting with a Scheme Monitor. The purpose of the meeting is to identify areas to help your organisation to perform to a higher standard by providing guidance and advice, and sharing best practice with you on how this can be achieved.

This meeting will take place at the start of the registration period and, in the first year, before registration is approved and a certificate or logo issued.

## Your commitments:

- Promote your registration to those organisations you work with such as construction companies, construction sites and other suppliers to encourage them to also register with the Scheme
- Ensure everyone within your organisation is aware of your Professional Registration with the Scheme and what this means. It is recommended that key personnel attend a Scheme

Workshop and complete the e-learning modules available on the Scheme's Best Practice Hub

- Where appropriate include in all documents issued to contractors or industry clients, the expectation to register with the Scheme and achieve compliance as a minimum
- Nominate a suitable senior representative to be the central point of contact for all Scheme matters
- Provide a link from your website to the Scheme's website.
- Display membership branding (logo and certificate) in relevant areas, including online.
- Promote your registration through relevant communication channels, including news stories, press releases, social media, and customer and supplier communications.
- Proactively work with the Scheme to implement considerate standards within your business as well as to ensure all those you influence endeavour to work to the highest standards.

The registration fee is £420+VAT per annum. Email [enquiries@ccscheme.org.uk](mailto:enquiries@ccscheme.org.uk) if you have any further questions about registration.
