

Considerate Constructors Scheme Partnership Terms of Reference

(Client)

Considerate Constructors Scheme Limited's Partners form an industry leadership group that engages and supports the Considerate Constructors Scheme through collaboration, as well as being a group that commit and achieve through the Considerate Constructors Scheme's framework.

You (the Company) are asked to apply to join our group and form a partnership with us (**Scheme Partnership**) by making an application in writing. If successful, you will be invited to become a Partner.

Partnership entry requirements

You may apply for Scheme Partnership, at a group level or as a subsidiary company of a group.

You must also enter into the Partnership Memorandum of Understanding.

Partner commitments

You commit to do the following as a Partner:

Maintain the Scheme Partnership for a minimum of three years.

Conform with the Scheme Partnership commitments.

Register construction projects, over 12 weeks duration, through to completion, and include the following suggested wording in tender documents, or other documentation issued to contractors: *'Allow for ultra site, site, organisation and supplier registration with the Considerate Constructors Scheme, including the appropriate fee, and ensure conformance with our Code of Considerate Practice'*.

Promote employee awareness of the Considerate Constructors Scheme and what it means.

Nominate a primary contact to attend Partner meetings and be an ambassador for the Considerate Constructors Scheme within the company, facilitating with connection points at all levels.

Nominate an executive at c-suite level to act as a sponsor for the Scheme Partnership.

Provide a link from your website to the Considerate Constructors Scheme website.

Be an advocate for the Considerate Constructors Scheme, its values and positively promote the use to your supply chain. Commit to supporting the industry to raise standards and build trust through being an advocate for positive change.

Review performance of contractors and suppliers, encouraging continuous improvement against the Code of Considerate Practice Framework

Actively support, promote and engage with our public outreach tools (including public support line and public concerns, Construction Map, public surveys and data collection). Commit to disseminate and promote our Public Insight Survey across all registered sites twice a year.

Industry leadership commitments

Where requested and appropriate, act as mentor to other organisations registered with the Considerate Constructors Scheme.

Where requested and appropriate provide insight, advice and support to the Considerate Constructors Scheme and the activities covered by their registrations.

Considerate Constructors Scheme commitments

We commit to do the following:

Publicise the Scheme Partnership.

Provide a “CCS Partner” logo for use on your business and marketing material.

Provide a Scheme Partnership certificate.
