

# Considerate Constructors Scheme Partnership Terms of Reference

(Contractor/Supplier/Sub-Contractor)

Considerate Constructors Scheme Limited's Partners form an industry leadership group that engages and supports the Considerate Constructors Scheme through collaboration, as well as being a group that commit and achieve through the Considerate Constructors Scheme's framework.

You (the Company) are asked to apply to join our group and form a partnership with us (**Scheme Partnership**) by making an application in writing. If successful, you will be invited to become a Partner.

## Partnership entry requirements

You may apply for Scheme Partnership at a group level or as a subsidiary company of a group.

At the time of your application, you must have an ongoing registration with us and normally have held such registration for a minimum of 24 months.

You must also enter into the Partnership Memorandum of Understanding.

## Partner commitments

**You commit to do the following as a Partner:**

**Main Contractor:** Register all sites over 12 weeks through to completion.

**Suppliers:** Register all depots.

**Sub-contractors:** Register your organisation.

Pay an additional annual Partner fee based on your annual turnover.

Maintain the Scheme Partnership for a minimum of three years.

Conform with the Scheme Partnership commitments.

Promote employee awareness of the Considerate Constructors Scheme and what it means.

Nominate a primary contact to attend Partner meetings and be an ambassador for the Considerate Constructors Scheme within the company, facilitating with connection points at all levels.

Nominate an executive at c-suite level to act as a sponsor for the Scheme Partnership.

Provide a link from your website to the Considerate Constructors Scheme website.

Be an advocate for the Considerate Constructors Scheme, its values and positively promote the use to your supply chain. Commit to supporting the industry to raise standards and build trust through being an advocate for positive change.

Commit to achieving and maintaining continuous improvement against activities covered by your Registration, measured annually and aspire to sit in the top 25 percentile of such activities.

Actively support, promote and engage with our public outreach tools (including public support line and public concerns, Construction Map, public surveys and data collection). Commit to disseminate and promote our Public Insight Survey across all registered sites twice a year.

## Industry leadership commitments

Where requested and appropriate, act as mentor to other organisations registered with the Considerate Constructors Scheme.

Where requested and appropriate provide insight, advice and support to the Considerate Constructors Scheme and the activities covered by their registrations.
